

# MODEST-5 Introductions

John M. Fregeau

Northwestern University

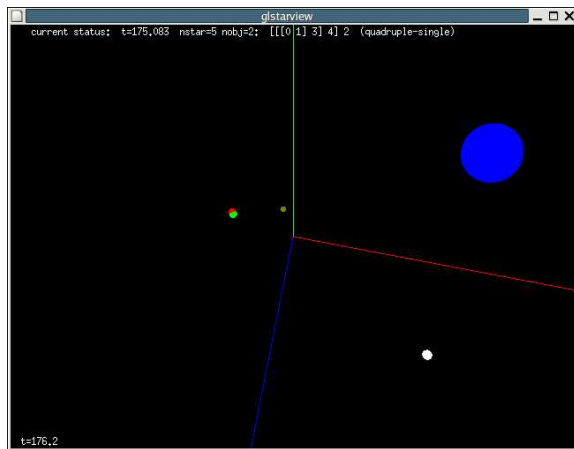

Aug 11, 2004

# Shameless Plugs

- ▶ Globular cluster evolution (MIT/NU Monte-Carlo code)
- ▶ Small- $N$  dynamics: binary interactions (*Fewbody*)
- ▶ Clusters with primordial binaries (MC code + *Fewbody*)
- ▶ Runaway collisions in clusters with primordial binaries (MC code + *Fewbody*)

# Imagery

*Fewbody* calculation of a triple–binary interaction.
